# SHRM EXAM PREP

## SHRM EXAM PREP

Beat the average and prepare the complex and detailed SHRM exam with our SHRM-SCPs.

Earn 2.4 CEUs

### Course Description

Learn from highly respected and experienced, SHRM-certified, instructors with years of hands-on experience in HR.

This course prepares students to take (and pass!) the SHRM-CP or SHRM-SCP exam.

Students will learn the skills needed to master the exam material and write the exam during one of the SHRM-specified testing windows.

### Audience

Students should have a solid base of HR education and experience before beginning this test prep course. Students are expected to self-identify that they meet the SHRM exam eligibility requirements.

Individuals without a formal HR education or mid-level experience are encouraged to take our Human Resources Management certificate. If you have any questions about your eligibility or qualifications, please reach out to our office.
